

# DSKS' Research Committee

Danish Society for Quality in Health Care

## Call for abstracts

**DSKS' annual meeting 7<sup>th</sup> and 8<sup>th</sup> of January 2022  
at Hotel Nyborg Strand**

DSKS' research committee invites you to submit abstracts that presents results from innovative development and research projects within quality and patient safety in health care.

- Share your experience and contribute to discussions and create attention to research and new developments within quality of care
- Have your work featured at the DSKS annual meeting and the DSKS web site and archive, making clinicians and decision-makers aware of your work
- Establish or maintain your connections in relation to quality and patient safety

Submit abstracts regarding all aspects, including (but not limited to):

- Identification of quality issues
- From evidence to clinical practice
- Involving patients and relatives in improving quality of care
- Evaluating quality improvement initiatives
- Cross sectional corporation to improving quality of care

**Deadline for submission: 15<sup>th</sup> of November 2021**
